# WE ARE MULTICULTURAL AWARENESS

Exploring cultures from across the world is our passion. All of our members are extremely active in MAC and anyone who has an interest in learning about international cultures is welcome. As a club, we meet once a month in person and once a month on Zoom. Throughout the school year, we participate in numerous fundraisers to support the club and other charities, most notably: Culture Fair. Each month, MAC will study a different country,

learning about its people, traditions, livelihoods, and cuisine. MAC is open to all students in the Upper School. Even if you have been at Maclay for years, don't miss this chance to join MAC. To join an online meeting, please send an email to Mrs. Sloderbeck so she can include you. When we meet on campus, just join us outside on the grass near the B and C pods during lunch. We cannot wait to see what amazing work you will do!
